1. This Office action is in response to the application filed September 19, 2006. Claims 1-17 are pending. This application is a 371 of PCT/JP05/50182, filed March 22, 2005 which claims benefit of foreign application JP 04 50581, filed March 24, 2004.

2. Claims 1-17 are allowed.

3. The following is an examiner's statement of reasons for allowance: the claims recite an improved tactile interface having the combination of a row of rotating pins on corresponding supports with a support spacing adjustment mechanism. Thus, the device can provide a sensation by rotation as well as pin spacing. In interpreting the claims, the support spacing adjustment mechanism has been interpreted as the structure shown since the phrase has no plain meaning. Such a combination is not taught, suggested or made obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to ALBERT K. WONG whose telephone number is (571)272-3057. The examiner can normally be reached on M-Th.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brian A. Zimmerman can be reached on 571-272-3059. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
